Pipetto Magnetic Folio iPhone XR 2-in-1 Magnetic Leather Case - Pink Pink

Carry your iPhone XR, cards, cash and daily essentials in one sleek, premium leather case. The Pipetto Magnetic Folio iPhone XR 2-in-1 case combines a slim protective shell with a detachable leather wallet folio, giving you the flexibility of a magnetic mount-ready case and the practicality of a full wallet cover in a single, compact solution.

- 2-in-1 magnetic wallet case with removable inner shell
- Wireless charging, Apple Pay and contactless compatible
- Premium 100% genuine leather folio with card and cash storage
- Built-in stand function for hands-free viewing
- Works with magnetic car and wall mounts for instant docking

2-in-1 magnetic wallet case with removable inner shell
The Magnetic Folio is designed as a smart 2-part system: a slim, protective PC shell with an internal metal panel, and a magnetic leather folio that snaps around it. Use the full folio when you want your phone, cards and cash together, or simply slide out the inner shell when you prefer a lighter, slimmer case. This setup gives you the practicality of a wallet case and the simplicity of a standalone protective shell in one product.

Wireless charging, Apple Pay and contactless compatible
Unlike many magnetic cases that force you to choose between magnets and convenience, the inner magnetic shell in this 2-in-1 case has been carefully engineered to work with wireless charging, Apple Pay and contactless payments at the same time. You can drop your iPhone XR onto a compatible wireless charger or tap to pay without removing the case, keeping your day streamlined and your phone always protected.

Premium 100% genuine leather folio with card and cash storage
The outer folio is handcrafted from 100% genuine leather, giving your iPhone XR a refined, premium finish that looks and feels high-end. Inside, you will find two card slots, a dedicated ID window and a larger internal pocket for cards, cash or receipts. This layout lets you replace a traditional wallet on days when you want to travel light, while keeping your most important items neatly organised and always at hand.

Built-in stand function for hands-free viewing
The rear fold of the leather folio is designed to quickly convert into a stable horizontal viewing stand. Whether you are watching videos, joining a FaceTime call or following a recipe, you can prop your iPhone XR securely on soft or uneven surfaces such as a bed, sofa or train seat. The stand function makes hands-free viewing more comfortable wherever you are.

Works with magnetic car and wall mounts for instant docking
The removable inner shell includes a hidden internal metal panel that works seamlessly with magnetic mounts. Snap your iPhone XR straight onto a magnetic car dashboard mount for navigation, or onto a compatible wall mount for hands-free video watching or FaceTime. The strong magnetic connection makes mounting your phone quick and effortless, without adding bulk to the case.

Package includes
