Step into the future of power with the Satechi 108W Pro USB-C PD Desktop Charger. An upgrade from your traditional power setup, this device is equipped with two high-powered USB-C PD and two USB-A ports, making it capable of charging up to four devices simultaneously and at top speed. With its sleek, modern design, it not only elevates your devices but also fits perfectly into your personal workspace or travel pack.

- Simultaneously Charges up to Four Devices
- Complies with International Safety Standards
- Employs Upgraded USB-C PD Ports
- Boasts a Sleek, Modern Design
- Delivers Pro-Power Charging

Simultaneously Charges Up To Four Devices

Save time and space with the Satechi 108W Charger – your all-in-one power hub. Forget dealing with multiple adapters and endless cables – you can conveniently power up to four devices simultaneously, perfect for your high-powered Type-C laptops and tablets.

Complies with International Safety Standards

The Satechi 108W Charger is designed with your safety in mind. This charger is housed in durable, heat-resistant materials and complies with CE, ETL, USBIF, and FCC standards. This means a worry-free, safe charge every time you plug in.

Employs Upgraded USB-C PD Ports

Stay ahead of the curve with our upgraded USB-C PD ports, delivering 90W and 18W power. Power-hungry devices can draw full power without power sharing or downgrading—experience faster and more powerful charging than ever before.

Boasts A Sleek, Modern Design

Adding to its functionality, the Satechi 108W Charger brings a touch of elegance to your modern accessories. Its sleek design adds sophistication to your workspace while also being compact enough for travel.

Delivers Pro-Power Charging

Discover a real game-changer in charging technology with the Satechi 108W Charger. The pro-power charging feature of this charger ensures your high-powered Type-C devices are charged at full speed every time.
