Powerful Magnetic Attachment

The Satechi Magnetic Wireless Charging Cable is thoughtfully developed with a built-in charger that includes effective magnets, providing a robust grip and a satisfying click when charging. Place your iPhone over the module; the magnetic design conveniently attaches to your phone, creating a hassle-free charging experience.

Built-In Wireless Charging

Feature-packed with an in-built wireless charging module, the charging cable powers up your iPhone 12, 13 & 14 effortlessly, offering up to 7.5W. It requires an 18W or higher power adapter (sold separately) for optimal performance.

Supports iPhone 12, 13 & 14

Designed specifically for the iPhone 12, 13 & 14. Take advantage of the charging module that charges your phone quickly. A magnetic sticker can be purchased separately for models like iPhone 11 or earlier to enable the magnetic attachment.

Easy Magnetic Grip

You get a solid grip with the charging module integrated with powerful magnets. This ensures your phone stays in place while charging, providing a seamless and uninterrupted charging session.

Convenient and Portable Design

The Satechi Magnetic Wireless Charging Cable is optimally designed with a longer 1.5-meter cable and reversible USB Type-C connector. This user-friendly design offers both convenience and portability, providing comfortable charging at your convenience.
