Twelve South ButterFly SE - Midnight plum

ButterFly SE is a compact, foldable 2-in-1 magnetic charger that charges your iPhone and Apple Watch at the same time and doubles as a viewing stand. It combines Qi2 charging for iPhone with an integrated Apple Watch fast charger, a soft-touch Midnight Plum finish and a matching braided cable.

- Compact, foldable design for easy travel
- Qi2 magnetic charging for iPhone and an integrated Apple Watch fast charger
- Soft-touch, non-slip Midnight Plum finish with a colour-matched braided USB-C cable
- Converts into a hands-free viewing stand and supports Nightstand and StandBy modes
- Compatible with iPhone 12 and newer with MagSafe, all Apple Watch models and AirPods with a wireless charging case

Compact, foldable design for easy travel
ButterFly SE folds down to fit easily in a bag or pocket. It opens to reveal two magnetic charging surfaces, while strong internal magnets hold it securely closed to keep it compact and protected during travel.

Qi2 magnetic charging for iPhone and an integrated Apple Watch fast charger
Charge two devices at once. The Qi2 magnetic surface aligns your iPhone for fast, efficient wireless charging, while the integrated Apple Watch fast charger powers your watch. Both chargers are built into one compact unit to reduce clutter.

Soft-touch, non-slip Midnight Plum finish with a colour-matched braided USB-C cable
The soft-touch Midnight Plum coating provides grip and protection, helping keep your devices stable while charging. The included USB-C to USB-C cable has a durable braided finish in a matching colour.

Converts into a hands-free viewing stand and supports Nightstand and StandBy modes
Use the stand to watch videos, make FaceTime calls or use StandBy mode on your iPhone while it charges. The Apple Watch charger tilts up for Nightstand mode, turning your watch into a bedside clock. Use it on your desk, bedside table or tray table.

Compatible with iPhone 12 and newer with MagSafe, all Apple Watch models and AirPods with a wireless charging case
ButterFly SE supports all iPhone models with MagSafe, from iPhone 12 onwards, and all Apple Watch models, including Ultra and SE. You can also place AirPods with a wireless charging case on the Qi2 pad to charge them.
