Premium double-strengthened tempered glass
Crafted from a premium double-strengthened tempered glass, the UAG Glass Shield Plus is engineered to withstand the most demanding conditions. Its robust construction ensures your iPhone 15 Plus display remains free from scratches and abrasions, maintaining its durability over time and offering peace of mind with every drop and bump.

Nanometer anti-reflective coating
Experience superior screen clarity in any lighting condition with the nanometer anti-reflective coating. This advanced technology minimizes glare, making it easier to view your iPhone 15 Plus's display even in bright outdoor settings. Enjoy clear, vibrant visuals without the distraction of unwanted reflections.

Anti-fingerprint oleophobic coating
Maintain the pristine appearance of your iPhone 15 Plus's screen with an anti-fingerprint oleophobic coating. This special layer repels natural skin oils, reducing fingerprints and smudges. As a result, your screen remains clear, allowing you to enjoy HD resolution and immaculate image quality.

Precision touch & fit with case compatibility
The UAG Glass Shield Plus offers unparalleled precision touch sensitivity, ensuring your interactions with your device are seamless and accurate. Additionally, its precise fit includes a black border for full coverage while maintaining compatibility with all UAG cases, providing comprehensive protection without compromising functionality.

Ease of application and maintenance
Applying the UAG Glass Shield Plus is a breeze thanks to our included applicator kit, allowing you to install it in the comfort of your home. Furthermore, the included cleaning kit helps you maintain its shine, ensuring that your device always looks its best with minimal effort.
