UAG Metropolis Kevlar MagSafe Wallet - Black

Built for everyday carry and heavy use, the Metropolis Kevlar Wallet delivers rugged strength without the bulk. Its sleek profile, secure storage, and hands-free kickstand functionality make it the perfect companion for streaming, calls, and life on the move. Tough, modern, and ready for anything.

- Kevlar inlay for extreme durability
- Slim, no-bulk design with room for up to 6 cards and bills
- Secure closure with RFID-blocking protection
- Versatile kickstand for portrait or landscape viewing
- Ultra-strong 2.5 mm magnet for solid attachment to magnetic cases

Kevlar inlay for extreme durability
Engineered with a Kevlar fiber inlay, this wallet stands up to daily wear and tear while keeping weight to a minimum. The tough exterior resists scratches and abrasions, delivering long-lasting performance that matches your active lifestyle.

Slim, no-bulk design with room for up to 6 cards and bills
Carry what matters without the bulk. The compact, streamlined build slides easily into your pocket while securely holding up to 6 standard cards plus folded bills. Clean lines and a minimal silhouette keep your everyday carry light and efficient.

Secure closure with RFID-blocking protection
A durable hinge locks the wallet closed so your cards stay put in transit. Built-in RFID blocking helps protect your personal data from skimming, while the design also helps prevent card demagnetization for added peace of mind.

Versatile kickstand for portrait or landscape viewing
Flip it into kickstand mode for hands-free viewing anywhere. The multi-angle stand supports both portrait and landscape orientations, perfect for video calls, streaming, or scrolling without holding your phone.

Ultra-strong 2.5 mm magnet for solid attachment to magnetic cases
An ultra-strong 2.5 mm magnet keeps the wallet firmly attached to compatible magnetic phone cases. Snap it on for secure portability, then detach in a second when you want to travel even lighter.

Package indludes:
