

Elevate your phone protection with the Urban Armor Gear iPhone 17 Pro Max Plyo - Ice case. Designed for those who value style and durability, this case offers enhanced protection with a sleek and lightweight design. It's perfect for showcasing the true color of your phone while keeping it safe from accidental drops and impacts.

- Superior Drop Protection
- Anti-Yellowing Technology
- Lightweight Construction
- Added Security Features
- Eco-Friendly Packaging

Superior Drop Protection

The Urban Armor Gear iPhone 17 Pro Max Plyo - Ice case is engineered to withstand drops up to 4.8 meters, far exceeding standard military drop tests (MIL-SPEC 810G-516.6). The combination of TPU shock-absorbing frame and durable polycarbonate backplate ensures that your device remains intact, providing peace of mind against accidental falls.

Anti-Yellowing Technology

Our Plyo Pro Series is equipped with anti-yellowing technology, ensuring that the case maintains its lasting clarity over time. This means that your phone's true color can shine through, keeping your device looking as fresh as the day you bought it.

Lightweight Construction

Despite its robust protective capabilities, this case is designed with a lightweight frame. The impact-resistant soft core combines with reinforced TPU bumpers, providing reliable protection without the cumbersome bulk typically associated with heavy-duty cases.

Added Security Features

For extra security and convenience, the Plyo case is outfitted with integrated lanyard anchor points. While the lanyard itself is not included, these anchor points offer additional safety measures for on-the-go use. The case also supports wireless charging and features a protective screen surround to keep your device safe from every angle.

Eco-Friendly Packaging

We care about the environment as much as we care about your phone. That's why the Urban Armor Gear iPhone 17 Pro Max Plyo - Ice comes in eco-recyclable packaging, reducing waste and promoting sustainability.
