

UAG Scout for iPhone 18 Pro / 17 Pro - Ice/White

Urban Armor Gear Scout Clear protects your iPhone while keeping its design visible. The clear co-mold construction combines a hard armor shell with an impact-resistant soft core, raised edges, cushioned corners and built-in magnetic compatibility for everyday use.

- MagSafe compatible
- Impact-resistant clear construction
- Raised screen and camera protection
- Air-soft corner cushioning
- Drop protection up to 3 metres

MagSafe compatible

The built-in magnetic module works with MagSafe compatible wireless chargers and magnetic accessories, so you can charge and connect without removing the case. The case also supports Apple Pay for everyday convenience.

Impact-resistant clear construction

A durable co-mold design combines an armor shell with an impact-resistant soft core to help absorb and disperse force from drops and knocks. Anti-yellowing technology helps the case maintain its clear appearance over time.

Raised screen and camera protection

Raised surrounds around the screen and camera help keep key surfaces lifted away from flat surfaces. This helps protect the display and lenses from scratches, scuffs and everyday wear.

Air-soft corner cushioning

Enhanced air-soft corners provide extra cushioning at the areas most likely to take impact during a drop, adding reliable protection without covering the iPhone's design.

Drop protection up to 3 metres

The case is independently tested to withstand drops from up to 3 metres and meets 3X Military Drop Test Standards according to MIL-SPEC 810G-516.6.

Product specifications:

- Brand: Urban Armor Gear
- Product: Scout Clear case
- Compatibility: iPhone
- MagSafe compatible: Yes
- Apple Pay support: Yes
- Drop protection: Up to 3 metres
