

UAG Scout for Samsung Galaxy A57 - Black

Urban Armor Gear UAG Scout for Samsung Galaxy A57 is a slim, lightweight protective case designed for everyday reliability. Built with durable TPU, an impact-resistant core and a secure textured grip, it helps protect your phone from drops, scratches and daily handling without adding unnecessary bulk.

- Lightweight TPU protection
- Impact-resistant core with UAG armor shell
- Secure non-slip grip
- Raised screen and camera protection
- Lanyard anchor points for added security

Lightweight TPU protection

The UAG Scout case is made from featherlight TPU, giving your Samsung Galaxy A57 dependable protection while keeping the case comfortable to carry and use every day. Its slim construction helps preserve the phone's practical feel without compromising on durability.

Impact-resistant core with UAG armor shell

The case combines UAG's signature armor shell with an impact-resistant soft core and hex-pattern structure to help absorb shocks from everyday drops and bumps. Chamfered corners add extra protection in the areas most exposed during accidental impacts.

Secure non-slip grip

Textured, ruggedized bumpers provide a more secure hold when you are on the move. The grip-focused design helps reduce the risk of slips, while the oversized tactile buttons give a precise and responsive click feel.

Raised screen and camera protection

A raised screen surround helps keep the display lifted away from flat surfaces, reducing the risk of scratches and cracks. The raised camera bezel provides added protection for the camera lens when the phone is placed on tables, desks or other surfaces.

Lanyard anchor points for added security

Integrated lanyard anchor points make the case compatible with lanyards and lanyard cards for added convenience and security. This is useful when travelling, commuting or using your phone in busy environments. Lanyard is not included.
