Moshi Porto Q 5K - Nordic gray

Experience limitless power anytime, anywhere with our cutting-edge Moshi Porto Q 5K power bank. This revolutionary power bank doubles as a wireless charger, meaning no more entanglement with cables. Convenient, portable, and Qi-certified, it integrates seamlessly into your busy lifestyle. Plus, its built-in battery simultaneously recharges your phone and itself overnight, ensuring your devices are always powered up and ready to go.

- Dual Functionality: Powerbank and Wireless Charger
- Generous 5000 mah Battery Capacity
- Qi-Certification Ensuring Compatibility with Qi Devices
- Built-in Smart LED and Foreign Object Detection (FOD)
- Supports Wireless Charging of Devices (Up to 5mm Thickness)

Dual Functionality: Powerbank and Wireless Charger
Moshi Porto Q 5K breaks free from the traditional corded charging, allowing you to power up your devices wirelessly. It effortlessly charges your phone off-grid, but when you're at home, plug it into a wall outlet to recharge its built-in battery. Now, you don't just have a power bank, you have a desktop wireless charger, too.

Generous 5000 mah Battery Capacity
Don't worry about your power draining out. With a massive 5000 mah battery capacity, the Porto Q can wirelessly recharge your smartphone twice. It's the perfect backup for your digital devices when you're on the go.

Qi-Certification Ensuring Compatibility with Qi Devices
Our Porto Q power bank is Qi-certified by the Wireless Power Consortium, verifying its interoperability with Qi devices. So whether you have Samsung, Google, Apple, or LG smartphones, or even AirPods, this powerbank covers you.

Built-in Smart LED and Foreign Object Detection (FOD)
The Porto Q powerbank is outfitted with a smart LED indicator informing you of the charging status. On the other hand, the built-in FOD automatically halts charging when it detects metal objects on its surface, ensuring foolproof safety.

Supports Wireless Charging of Devices (Up to 5mm Thickness)
Now, you can keep your cases on while charging your devices. Our unique Q-coil design supports charging through cases up to 5mm thick, for efficient and less time-consuming charging.
