Moshi Sette Q - Nordic gray

Embark on a new era of effortless charging with Moshi's Sette Q - a dual wireless charging pad that supports fast wireless charging. The Sette Q is designed to be the apex of your charging convenience, removing multiple charging cables from your life and connecting it all to one central charging hub. A beautifully encased fabric, this attractive wireless charging pad is not just functional, but also a stylish addition to your space. The Sette Q supports wireless charging for all major manufacturer devices, adding a dash of tech-savvy sophistication to your home or workspace.

- Fast Multi-Device Charging
- Dual Q-Coil™ Modules
- Supports Qi EPP UP TO 15 W
- Additional USB-A Port
- Premium Finish

Fast Multi-Device Charging
With Sette Q, power is at your fingertips and your devices can be effortlessly charged. Providing fast charging for phones and earbuds, the Sette Q allows for simultaneous charging, making it a perfect fit for households with multiple users and devices. Say goodbye to cluttered desks and nightstands as you embrace the new world with this wireless charging pad.

Dual Q-Coil™ Modules
The Sette Q is engineered with Moshi's proprietary Q-coil™ module, which maximizes the charging power directed towards your devices. This feature allows for efficient charging, even through cases up to 5 mm thick. This ensures optimal performance and quality for your charging needs.

Supports Qi EPP Up to 15 W
The Sette Q's dual Q-coil™ modules support the latest QI EPP protocol for lightning-fast wireless charging. The modules provide up to 15W of charging power for compatible devices, ensuring a quick and smooth charging experience.

Additional USB-A Port
The Sette Q aims for convenience and is equipped with a discreet 5W USB-A port at the back. This may be used for any device that requires a wired connection for charging. This feature adds another layer of charging convenience for the users.

Premium Finish
Encased in a sophisticated fabric exterior, the Sette Q boasts a soft, minimalist texture that seamlessly blends into any workspace or room. The addition of a non-slip surface ring holds devices securely in place during charging, ensuring they stay optimally positioned over the coils.
