Mujjo 12-inch MacBook Leather and Felt Sleeve with iPad Pocket - Tan

The Mujjo Sleeve 12" combines thick felt and genuine leather to protect your 12-inch MacBook and keep your essentials organised. Handcrafted in the Netherlands by Mujjo, it pairs minimalist design with practical storage for work and travel.

- Thick felt and genuine leather for everyday protection
- Minimalist design with carefully finished details
- Interior compartments for your essentials
- Durable, eco-friendly felt for lasting use
- Waxed leather that develops a natural patina

Thick felt and genuine leather for everyday protection
Thick, heavy felt and soft genuine leather protect your MacBook against bumps, scratches and everyday wear. The sturdy yet lightweight construction makes the sleeve easy to carry.

Minimalist design with carefully finished details
The leather cover is soft yet firm, giving the sleeve a clean, minimalist look. A grey metal button closure keeps it securely closed.

Interior compartments for your essentials
Inside, there is a compartment for an iPad, a small pocket for a credit card and dedicated space for an SD card.

Durable, eco-friendly felt for lasting use
The eco-friendly felt resists wear and will not pill over time. It is also waterproof and easy to maintain, helping protect your MacBook during everyday use.

Waxed leather that develops a natural patina
The soft leather cover has a waxed finish that develops a natural patina, becoming shinier and gaining a distinctive character with use.

Package includes
