Mujjo 13-inch MacBook Pro Full-Grain Leather Sleeve with YKK Zip - Black

Carry your 13-inch MacBook Pro and everyday essentials in Mujjo's premium folio sleeve. It combines full-grain leather, practical storage and custom hardware for durable, lightweight protection in an understated design.

- Durable, lightweight protection
- Slim, versatile design
- Practical storage compartments
- Custom-machined gunmetal hardware and YKK zipper
- Full-grain leather with signature felt lining

Durable, lightweight protection
Built for everyday use, the Mujjo folio sleeve protects your MacBook Pro without unnecessary weight or bulk. Its stitching, hardware and other components are selected to withstand frequent travel, commuting and daily handling.

Slim, versatile design
Keep your MacBook Pro and essentials together in one slim folio. Carry it on its own or slip it into a larger bag.

Practical storage compartments
Two internal compartments keep cables, small notebooks or documents organised while maintaining the sleeve's slim profile. An integrated leather card pocket keeps bank-sized cards, such as debit, credit or ID cards, secure and within easy reach.

Custom-machined gunmetal hardware and YKK zipper
Dark gunmetal hardware complements the black leather. The custom-built YKK zipper operates smoothly and provides a durable, secure closure for your MacBook Pro and other essentials.

Full-grain leather with signature felt lining
The premium full-grain, vegetable-tanned leather develops a distinctive patina with use. Inside, Mujjo's signature felt provides soft padding to help protect your MacBook from everyday bumps and scratches. The felt is treated to resist pilling and repel water, helping to keep the interior clean. Dark, uniform tones, subtle contrasts and sleek lines define the Low-key Collection's understated, masculine aesthetic.
