

Keeping track of your keys has never been more stylish. Introducing the Canopy Keychain - Tan from Mujjo, the pinnacle of sophistication for your AirTag. Crafted from premium materials, this keychain provides security and a statement of elegance in your daily routine.

- Premium Vegetable-Tanned Leather
- Black PVD Finish on Keyring
- 3D-Moulded Pocket Design
- Secure Magnetic Closure
- Eco-Friendly Leather with Gold-Rated Environmental Standards

Premium Vegetable-Tanned Leather

Our Canopy Keychain is made of high-quality vegetable-tanned leather, certified with a Gold rating for environmental standards. This eco-tanned leather promises not just sustainability but a patina that gets richer over time, offering a warm, soft look that evolves with you.

Black PVD Finish on Keyring

We chose a Black PVD finish for the keyring to ensure its durability and resistance to daily wear and tear. This tough, refined finish provides an extra layer of protection, ensuring that your Echelon Keychain looks as elegant as the day you received it.

3D-Moulded Pocket Design

The Canopy Keychain is thoughtfully designed with a 3D-moulded pocket, ensuring a snug fit for your AirTag. This intricate design ensures that your AirTag remains securely encased without sacrificing style or comfort.

Secure Magnetic Closure

A built-in magnet keeps your AirTag securely in place, so you never have to worry about it falling out. With its strong magnetic closure, the Canopy Keychain assures you that your belongings are tracked reliably and stylishly.

Eco-Friendly Leather with Gold-Rated Environmental Standards

Embrace luxury with a conscience. The leather used in our Canopy Keychain is not only premium in touch but is also crafted according to the highest environmental standards. Rated Gold for its commitment to eco-friendliness, this keychain is a choice you can feel good about.
