Wireless charging compatibility
Charge your AirPods Pro wirelessly without removing the Echelon case.

Vegetable-tanned eco leather
Made from vegetable-tanned eco leather that meets Gold-rated environmental standards, the Echelon case develops a rich patina over time for a distinctive, personal finish.

Easy access to controls and indicators
A front cutout keeps the charging LED visible, while a moulded side button makes pairing easy. A cutout at the base keeps sound alerts clear, and the design allows easy access to your earbuds.

Attachment clip and lanyard opening
Secure the case to your keys, bag or another suitable item with the sturdy attachment clip. A side opening lets you attach a lanyard for another way to keep your AirPods Pro close at hand.

Precision fit for AirPods Pro
The Mujjo Echelon case fits AirPods Pro (1st & 2nd generation) charging cases snugly and securely, adding protection while maintaining access to their features.
