MUJJO

Mujjo Full Leather MagSafe Case for iPhone 17 with Metal Buttons - Basalt

Mujjo's Full Leather Case for iPhone 17 in Basalt combines premium Velore leather, waterless tanning technology and recycled materials in a protective, minimalist design. The leather develops a distinctive patina over time, giving the case its own character.

- Velore leather with DriTan™ technology
- Machined metal camera bump & buttons
- Japanese microfibre lining
- MagSafe compatible
- Raised bezel for screen protection
- B Corp certification

Velore leather with DriTan™ technology
Made from fine-grain Danish calfskin, Velore leather uses waterless DriTan™ tanning technology to eliminate water waste. The leather is smooth and durable, developing a distinctive patina that adds warmth and character over time.

Machined metal camera bump & buttons
The machined metal camera bump and side buttons provide protection and durability while complementing the case's minimalist design. The buttons deliver a crisp, responsive click.

Japanese microfibre lining
The interior is lined with premium Japanese microfibre. This lightweight, recycled fabric has a satin-soft finish that cushions and protects your iPhone 17.

MagSafe compatible
Built-in, high-performance magnetic technology supports fast wireless charging and compatibility with all MagSafe accessories.

Raised bezel for screen protection
A 1 mm raised leather bezel helps protect the screen from scratches and impacts. The case also covers the base of the phone while leaving the charging port accessible.

Recycled materials and B Corp certification
Mujjo is B Corp certified and continues to work towards greater sustainability. This iPhone 17 case uses recycled materials in its metal buttons, camera bump, microfibre lining and leather-wrapped polycarbonate shell to help reduce its environmental footprint.

Package includes

- 1x Mujjo Full Leather Case for iPhone 17 - Basalt
- 1x User manual

Product specifications
