Wallet Functionality
The built-in leather pocket holds 2–3 bank, ID or travel cards, so you can keep your essentials together and carry less.

Premium Eco Leather
Crafted from premium Dutch Eco leather that is vegetable-tanned and gold-rated for environmental standards, the case resists wear and tear and develops a natural patina with use.

Enhanced Protection
A raised edge around the rear camera protects the protruding lenses, while a leather bezel helps shield the screen from abrasive surfaces. The base of the phone is also covered, with clear access to the speakers and charging port.

Machined Metal Buttons
Machined metal side buttons offer responsive operation and a satisfying click. Colour-matched to the leather, they complement the case's minimalist design.

Japanese Microfibre Lining
The interior is lined with strong, lightweight Japanese microfibre, providing soft, padded protection for your iPhone.
