Mujjo Leather Case for iPhone 18 Pro Max / 17 Pro Max - Basalt

Protect your iPhone 18 Pro Max / 17 Pro Max with Mujjo's Leather Case in Basalt. Made from premium Velore leather from Danish calfskin, it combines a minimalist design with responsive metal buttons, camera protection and a soft microfibre lining. Recycled materials throughout the case help reduce its environmental footprint.

- Premium Velore leather
- Machined metal buttons
- Machined metal camera bump
- Japanese microfibre lining
- MagSafe compatible
- B Corp certification

Premium Velore leather
Made from fine-grain Danish calfskin, the Velore leather is tanned using waterless DriTan™ technology, eliminating water waste and creating a smooth feel. Over time, the leather develops a rich patina that gives your case a distinctive character.

Machined metal buttons
The machined metal side buttons deliver a precise, responsive click and complement the case's minimalist design. On cases for iPhone 17 models, these buttons enhance durability and responsiveness.

Machined metal camera bump
A machined recycled aluminium camera bump helps protect the rear camera lenses against bumps and scratches while adding durability to the case. A 1mm raised leather bezel helps protect the screen.

Japanese microfibre lining
The interior is lined with premium Japanese microfibre. Slim, lightweight and made from recycled fabric, this soft lining has a satin-like finish and provides padded protection for your iPhone 18 Pro Max / 17 Pro Max.

MagSafe compatible
Built-in magnetic technology supports fast wireless charging and compatibility with all MagSafe accessories. The case also leaves the charging port unobstructed.

A focus on sustainability
Mujjo is B Corp certified and continues to work towards improving sustainability. The case uses recycled materials in its metal buttons, camera bump, microfibre lining and leather-wrapped polycarbonate shell to help reduce its environmental footprint.

Package includes
