Adaptable folding design

This versatile design doubles as a stand, allowing you to prop your iPhone up in either portrait or landscape mode for hands-free viewing, whether you're giving presentations or enjoying your favourite TV shows.

Luxurious Vellore leather

Crafted from fine-grain calfskin and tanned using water-free DriTan technology, the Vellore leather feels incredible and offers a sustainable choice that ages gracefully with time.

Supremely soft Japanese microfibre lining

The interior is lined with a satin-like Japanese microfibre to protect your cards further. This cushioning adds a layer of protection while enhancing the wallet's overall luxurious feel.
