Mujjo Shield MagSafe Velore Leather Case for iPhone 16 Pro Max - Black

Protect your iPhone 16 Pro Max with the Mujjo Shield Case, combining impact resistance with a refined leather finish. Made from European leather and reinforced with Mujjo's proprietary ImpactCore internal bumper, it offers protection with a premium feel.

- Velore leather
- Drop protection rated to 5m
- MIL-STD-810 certification
- Responsive machined metal buttons
- Machined metal camera bump for added protection
- Japanese microfibre lining
- Strong built-in magnets
- Recycled materials and sustainably tanned leather

Premium leather
Velore leather is sustainably tanned in the Netherlands, feels comfortable in your hand and develops character over time. Recycled materials are used for the hardware, inner shell and lining.

Impact protection
Mujjo's proprietary ImpactCore internal bumper provides drop protection rated to 5 metres/15 feet in an ultra-thin case. The vegetable-tanned leather offers a secure grip, while the case helps protect against everyday falls and bumps. Certified to military-grade MIL-STD-810.

Responsive machined metal buttons
The machined metal side buttons offer a satisfying, tactile click and are dyed to match the black leather for a cohesive finish. The Pro model features a one-piece volume button and a precisely designed mute button.

Machined metal camera bump for added protection
A machined camera bump made from recycled aluminium helps protect the rear camera lenses. Integrated into the case design, it adds durability around the camera.

Japanese microfibre lining
The interior is lined with soft, lightweight Japanese microfibre made from recycled fabric. Its satin-like finish cushions your iPhone 16 Pro Max and helps protect it from scratches.

MagSafe compatible
Built-in magnets support MagSafe accessories and wireless charging. Enhanced magnetic strength helps keep your phone securely connected to compatible stands and MagSafe chargers.

Package includes
