Mujjo Slim European Leather Case for iPhone 16 Pro with MagSafe - Monaco Blue

Mujjo's Leather Case for iPhone 16 Pro in Monaco Blue combines premium European leather with recycled materials in a minimalist design. It offers durable protection, responsive metal buttons and MagSafe compatibility, with a soft microfibre lining to cushion your phone.

- Premium European leather
- Machined metal buttons
- Machined metal camera bump
- Japanese microfibre lining
- MagSafe compatible
- B Corp certified brand

Premium European leather
Crafted from northern European hides, the durable leather is tanned in the Netherlands using the DriTan process, which reduces water waste and chemical use. Over time, it develops a unique patina that adds character to your case.

Machined metal buttons
The machined metal side buttons offer responsive feedback and a satisfying click. Dyed to match the Monaco Blue leather, they complement the case's minimalist design. The iPhone 16 Pro case includes a mute button and a one-piece volume button.

Machined metal camera bump
A camera bump machined from recycled aluminium protects the rear camera lenses and adds durability. Aluminium provides robust protection in an area where leather can be vulnerable to bumps and scratches.

Japanese microfibre lining
The interior is lined with premium Japanese microfibre. This slim, lightweight recycled fabric is exceptionally soft, with a satin-like finish, and provides gentle cushioning for your iPhone 16 Pro.

MagSafe compatible
Built-in magnetic technology supports fast wireless charging and compatibility with all MagSafe accessories.

A focus on sustainability
Mujjo is B Corp certified and continues to seek ways to improve sustainability. The case uses recycled materials in its metal buttons, camera bump, microfibre lining and the polycarbonate shell beneath the leather.

Package includes
