# Mujjo Slim Velore Leather Case for iPhone 18/17 Pro with MagSafe - Bronze Red

Mujjo's Leather Case for iPhone 18 Pro / 17 Pro in Bronze Red combines premium Velore leather with a minimalist design. Made from Danish calfskin and recycled materials, it provides everyday protection, responsive metal buttons and MagSafe compatibility.

- Premium Velore leather
- Machined metal buttons
- Machined metal camera bump
- Japanese microfibre lining
- MagSafe compatible
- B Corp certification

**Premium Velore leather**
Crafted from fine-grain Danish calfskin, Velore leather feels smooth and develops a rich patina over time, giving each case its own character. It is tanned using waterless DriTan™ technology, which eliminates water waste.

**Machined metal buttons**
Machined metal side buttons provide a precise, satisfying click and complement the case's minimalist design. On cases for iPhone 17 models, these buttons improve durability and responsiveness.

**Machined metal camera bump**
A raised camera bump made from machined recycled aluminium helps protect the rear camera lenses from bumps and scratches while adding to the case's durability. A leather bezel raised 1 mm above the screen helps protect the display.

**Japanese microfibre lining**
The interior is lined with premium recycled Japanese microfibre. Thin, lightweight and soft, this fabric has a satin-like finish and cushions your iPhone 18 Pro / 17 Pro.

**MagSafe compatible**
Built-in magnetic technology supports fast wireless charging and works with all MagSafe accessories. The charging port remains unobstructed.

**More sustainable materials**
Mujjo is B Corp certified and continues to work towards greater sustainability. The case uses recycled materials in its metal buttons, camera bump, microfibre lining and leather-wrapped polycarbonate shell to help reduce its environmental footprint.

**Package includes**
