MW Eco Sleeve MacBook Pro 14 - ²Life - Black/White

Our Eco Sleeve is a sustainable and stylish protection for your MacBook Pro 14. Crafted from 99% recycled materials, it invites classy elegance and an earth-friendly lifestyle. This amazing blend of fashion and responsibility offers memory foam protection and a soft-lined interior to safeguard your device.

- Constructed from 99% recycled materials
- Memory foam for advanced protection
- Inner lining that is ultra-soft to prevent scratches
- Ultra-thin design and a perfect fit
- Each sleeve entails the re-use of 12 water bottles

Recycled Materials as a Contribution to the Environment
The Eco Sleeve is not just about looks and protection; it carries an even greater purpose. Constructed from 99% recycled materials, it helps significantly reduce waste. Even the zippers are made from recycled materials. Using these materials in crafting the sleeve ensures we contribute positively to the environment.

Advanced Memory Foam Protection
Harnessing the shock-absorbing capability of polyurethane memory foam, our Eco Sleeve promises to keep your MacBook Pro 14 safe from potential damage. Absorbing the inadvertent impacts and shocks provides essential cushioning needed to further protect your laptop.

Ultra-Soft Inner Lining for Quality Protection
Scratches are no longer an issue with our ultra-soft inner lining. Thoughtfully designed, the soft lining prevents your Apple laptop from being scratched while enclosed in the sleeve. This protective feature multiplies the safety measures offered to your device.

Ultra-Thin Design and Perfect Fit
Equipped with an ultra-thin design and a perfect fit, the MW Eco Sleeve blends seamlessly with the dimensions of your MacBook Pro 14. With a minimalistic design yet maximum protection, the form-fitting design provides a tailored suit for your device.

Responsible and Sustainable Manufacturing
Each of our Eco Sleeves is responsible for the re-use of 12 water bottles. This unique approach underpins our commitment to sustainable manufacturing and environmentally responsible practices.
