myFirst Camera Insta 20 Bundle Set - Blue

The myFirst Camera Insta 20 Blue is a children's instant photo digital camera designed for creative everyday use. It combines digital photography with fast ink-free printing, giving children a simple way to capture, print, decorate and share their favourite moments.

- Hybrid instant and digital camera
- OLED second display with playful feedback
- Ink-free photo printing in 9 seconds
- Sticker printing for creative projects
- Lightweight design for children

Hybrid instant and digital camera
The myFirst Camera Insta 20 gives children the flexibility of a digital camera together with the enjoyment of instant photo printing. Built-in creative frames make it easy to personalise photos, take selfies and capture fun moments during family days out, holidays, birthdays and everyday play.

OLED second display with playful feedback
The camera includes a second OLED display that shows playful emojis, real-time status updates and charging progress. This makes the camera more engaging and easier for children to understand while they use it independently.

Ink-free photo printing in 9 seconds
With thermal printing technology, photos can be printed in approximately 9 seconds without the need for ink. The camera prints in black and white at 203 dpi, making it a practical and low-maintenance choice for children who enjoy printing their photos right away.

Sticker printing for creative projects
The included sticker thermal paper lets children print photos with an adhesive backing. Printed photos can be used to decorate notebooks, albums, rooms or craft projects. The black and white prints can also be coloured in, adding another hands-on creative activity.

Lightweight design for children
Weighing only 175 g, the camera is light and easy for children to carry. Its compact size is designed for small hands, making it suitable for trips to the zoo, family holidays, school outings and everyday use at home.

Package includes

- myFirst Camera Insta 20 Blue
- 2 rolls of thermal paper
- 1 roll of sticker thermal paper
- Protective cover for the paper compartment
