White thermal sticker paper for creative peel-and-stick prints
Create instant labels, decals, and decorations straight from your myFirst camera. The transparent finish lets your designs blend seamlessly with any surface, while the adhesive backing makes it easy to stick your prints exactly where you want them—no glue required. Ideal for personalizing bottles, laptops, notebooks, and DIY projects.

Compatible with myFirst Camera Insta 20, Insta 2, and Insta Wi
Engineered to work flawlessly with myFirst Camera Insta 20, Insta 2, and Insta Wi, installation is quick and simple. Just drop in a roll and start printing. Enjoy reliable feeding and consistent results designed for your device.

Sharp, dark image quality with a smooth paper surface
Expect crisp, legible text and bold graphics thanks to optimized thermal coating. The smooth surface ensures even heat transfer for clear, high-contrast prints, perfect for photos, stickers, labels, and mini art.

Long-lasting prints with up to 3 years of image durability
Your memories and notes stay readable and vibrant for up to three years under normal use. Ideal for keepsakes, journaling, and everyday labeling without worrying about rapid fade.

Generous supply: 3 rolls per pack, 3.6 m each, 57 mm width
Print more with three long rolls in every pack. Each roll provides 3.6 meters of transparent sticker media at a practical 57 mm width, giving you ample length for projects, events, and everyday creativity.
