- Anti-glare matte touch screen for immersive viewing and drawing
- Smart motion sensor for eco-friendly power saving
- Seamless sharing via the myFirst Circle app
- Auto-rotate for perfect portrait or landscape orientation
- Universal plug adapter for use around the world

Anti-glare matte touch screen for immersive viewing and drawing
The anti-glare, fingerprint-resistant display keeps images crisp and reflections low, so artwork, photos, and videos look vivid in any light. The responsive touch panel invites kids to explore creativity and engage with content comfortably, day or night. IPS technology ensures wide viewing angles so the whole family can enjoy the show.

Smart motion sensor for eco-friendly power saving
Frame Doodle 9 automatically goes to sleep when no one is in the room and wakes as you approach, ready to surprise you with new creations and shared memories. This intelligent power management saves energy while delivering a delightful, always-ready experience.

Seamless sharing via the myFirst Circle app
Bring loved ones closer with private, effortless sharing. Using the myFirst Circle app on iOS or Android, family and friends can send photos, videos, messages, and voice shoutouts directly to the frame. It keeps your child inspired and connected with a steady stream of supportive moments, wherever you are.

Auto-rotate for perfect portrait or landscape orientation
Place the frame vertically or horizontally and let the auto-rotate feature adjust instantly for the best view. Whether showcasing portrait drawings or wide family videos, Frame Doodle 9 frames the moment just right without any setup.

Universal plug adapter for use around the world
Designed for families on the move, the included universal power plugs make it easy to use Frame Doodle 9 in many countries. Simply plug in, connect to Wi?Fi, and start sharing and creating.
