ALOGIC Illuminate Light Bar with 4K Autofocus Camera - Space gray

Transform your workspace lighting and video quality with the ALOGIC Illuminate Light Bar, designed to enhance your digital interactions. Experience the perfect blend of adjustable lighting and a high-performance 4K autofocus camera, all in a sleek Space Grey finish.

- Superior lighting control
- Innovative touch controls
- Stunning video clarity
- Easy installation and secure mounting
- Comprehensive device compatibility

Superior Lighting Control
Illuminate empowers you to customize your workspace with warm or neutral lighting options, ensuring a perfect ambiance without causing unwanted screen glare. Adjust brightness and color temperature effortlessly for optimal comfort.

Innovative Touch Controls
With intuitive touch-sensitive buttons, adjusting Illuminate's settings has never been easier. Quickly change brightness levels and color temperatures at your fingertips, providing a personalized lighting experience.

Stunning Video Clarity
Say goodbye to grainy laptop webcams! Illuminate's wide-angle 12MP (4K) autofocusing camera delivers pristine video quality for meetings, streaming, and recording, offering a professional edge to all your communications.

Easy Installation and Secure Mounting
Illuminate is designed for hassle-free setup. With its anti-slip rubber and flexible mount, placement on your monitor is seamless and secure. Simply unfold, position, and connect via USB-C for instant use.

Comprehensive Device Compatibility
Compatible with multiple operating systems including Windows, macOS, Android, and Linux, Illuminate integrates effortlessly into your existing setup. Enjoy smooth compatibility with popular software like Teams, Zoom, and Skype for all your video needs.
