Elevate your device cleaning experience with the Paperlike Cleaning Kit v2. This innovative all-in-one solution offers up to 500+ cleaning sessions, ensuring your screens stay immaculate and ready for action. Whether you're a tech enthusiast, digital artist, or professional on the go, the Cleaning Kit v2 is your perfect companion for maintaining pristine screens anytime, anywhere.

- Effortlessly removes dust, grime, and skin oils
- Safe for all electronic devices
- All-in-one portable container design
- Refillable with up to 500+ cleaning sessions
- Eco-friendly and alcohol-free solution

Effortlessly removes dust, grime, and skin oils

The Paperlike Cleaning Kit v2 features an oil-dissolving solution designed explicitly for heavy-use electronics. It quickly eliminates dust, dirt, and grime, making it the ideal tool for touchscreens and other frequently used devices. For users of our Screen Protector, this kit helps restore the texture and haptic feedback provided by our Nanodots® technology, ensuring the best possible drawing and writing experience.

Safe for all electronic devices

Our alcohol-free cleaning solution is rigorously tested to be safe for any electronic screen. From iPads and smartphones to computer monitors, you can trust the Paperlike Cleaning Kit v2 to clean effectively without leaving residue or causing damage. Enjoy peace of mind while maintaining crystal-clear screens across all your devices.

All-in-one portable container design

Designed with mobility in mind, the Cleaning Kit v2 combines all essential cleaning elements into a single compact, travel-friendly container. The redesigned spray head delivers a smoother and more consistent mist, while the microfiber-wrapped exterior allows easy cleaning with a residue-free finish. The included hardshell case keeps the spout protected and the microfiber exterior clean and secure, making it perfect for life on the go.

Refillable with up to 500+ cleaning sessions

Each kit comes with five refill pellets, providing an estimated 500+ cleaning sessions over the product's lifespan. When you're out of cleaning liquid, simply remove the refillable bottle, add tap water and a refill pellet, and then wait 10 minutes for the solution to dissolve. Reassemble the spray bottle, and you're ready to clean again, ensuring years of spotless screens from a single product.

Eco-friendly and alcohol-free solution

The Paperlike Cleaning Kit v2 is not only practical but also environmentally conscious. Our cleaning solution is free from harmful chemicals and alcohol, minimizing ecological impact. The refillable design reduces waste, making it an eco-friendly choice for conscientious consumers who want to maintain their devices while caring for the planet.

Package includes

- 1x Spray bottle with microfiber exterior
- 1x Hardshell case
- 5x Refill pellets
- 1x Art sticker
