Transform your workspace into a high-efficiency powerhouse with the sleek and powerful ALOGIC PRIME DX3. This universal docking solution optimizes your desk with triple 4K display support and 100W power delivery, ensuring seamless integration regardless of your device's brand or operating system. Dive into a world of unparalleled connectivity and take control of your productivity in style.

- Universal Compatibility with USB-C and USB-A
- Triple 4K Display Support
- High-Speed 100W Power Delivery
- Comprehensive Connection Options
- Enhanced Security with Lock Slots

Universal Compatibility with USB-C and USB-A

The ALOGIC PRIME DX3 Docking Station boasts universal connectivity, a one-stop solution for connecting various devices. This includes seamless compatibility with USB-C and USB-A-equipped computers from Apple, Chromebook, and Microsoft. Regardless of your device's age or specifications, the DX3 dock integrates smoothly, eliminating clutter and streamlining hot-desking in modern workspace environments.

Triple 4K Display Support

Experience visual excellence with the DX3 Dock's ability to connect up to three external 4K displays, unlocking the ultimate workstation setup. Whether you're editing video, managing complex spreadsheets or engaging in graphic design, the superior display capabilities of the DX3 Dock enhance productivity and bring remarkable clarity to your projects. Please note that the third video output's resolution relies on the specific capabilities of the connected computer.

High-Speed 100W Power Delivery

The DX3 Dock's High-Speed Power Delivery feature keeps your laptop charged and ready. Supplying up to 100W of power ensures your laptop remains charged while you maintain peak productivity. Now, you can add multiple displays, USB accessories, and more without worrying about your laptop's battery life.

Comprehensive Connection Options

The DX3 Dock delivers a wide array of connections for all your peripherals. With 3 USB-A 5G ports, 1 USB-C 10G port, Gigabit Ethernet, a combo headphone/microphone jack, and SD/Micro SD card reader, you can connect multiple devices quickly and easily. This expansive set of connections promotes a more efficient and organized workspace.

Enhanced Security with Lock Slots

Security is paramount in public or shared workspaces, and the DX3 Dock addresses this with built-in lock slots. You can easily secure your docking station to your desk, giving you peace of mind that your workstation accessories are safe and sound.
