70 x 33.4 cm coverage for a full workspace
Make room for more than your mouse. At 70 x 33.4 cm, Form Desk Mat accommodates a keyboard, mouse, notebook, and coffee without crowding your workspace.

Lightly textured PU surface for smooth mouse glide
The lightly textured PU surface gives your mouse a smooth, consistent glide. It supports controlled movement for everyday navigation and detailed design work.

Water-resistant surface that wipes clean
The PU surface resists spills and daily wear, helping keep coffee rings and everyday mishaps from soaking in. Wipe spills immediately with a clean, damp cloth to keep the surface clean.

Anti-slip base for stable positioning
An anti-slip base keeps Form Desk Mat firmly in place on most desk surfaces. It helps prevent sliding while you type, write, or sketch, reducing the need to reposition the mat mid-task.

Reinforced perimeter stitching to resist fraying
Reinforced stitching runs around the perimeter to help prevent fraying and peeling over time. It keeps the edges tidy through daily use.

Four colorways designed to complement MacBook Neo
Choose from Citrus, Blush, Indigo, and Silver to carry your MacBook Neo color palette across the desk. Each colorway is designed to sit alongside the laptop's colors rather than compete with them.
