

With a powerful fusion of sleek design and advanced technology, the Just Mobile AluDisc Max Tablet Stand offers an innovative solution to hold your tablets and mobile devices securely. This stand is equipped with the latest magnetic technology, crafted from solid aluminium, and offers 360-degree rotation. With an adjustable column and ergonomically designed height, it is a reliable partner for all your digital needs.

- Advanced magnetic technology
- Robust 360-degree rotation
- Solid aluminium build
- Ergonomically designed column
- Anti-slip silicone padding

Advanced Magnetic Technology

The Just Mobile AluDisc Tablet Stand integrates the latest magnetic technology, ensuring secure attachment of your gadget. With a fast and easy snap-on feature, your device remains safe and firm, turning your everyday digital interactions into a seamless experience.

Robust 360-Degree Rotation

Experience limitless freedom with AluDisc's 360-degree ball-bearing design. You can view content from all angles, improving your device's usability and making your tasks more efficient and enjoyable.

Solid Aluminium Build

Crafted from aircraft-grade aluminium alloy, the AluDisc Tablet Stand ensures long-lasting durability. Its solid build allows it to support heavy devices without compromising stability. The award-winning design adds a modern and sleek touch to your workspace, ensuring style and functionality.

Ergonomically Designed Column

A unique feature of the AluDisc is its adjustable height. You can raise the stand to as high as 12", aligning with your ergonomic requirements and promoting a healthier posture. With this, your long hours in front of devices will be significantly more comfortable.

Anti-Slip Silicone Padding

The AluDisc Tablet Stand comes with a large base equipped with silicone padding. This padding acts as an anti-slip mechanism, protecting your tabletop and giving you peace of mind while using your devices.

Package Includes

- 1x Just Mobile AluDisc Max Tablet Stand
- 1x Metal Pad
- 1x Hex Tool
- 2x Screws

Product Specifications

- Dimensions: 7.67 x 4.52 x 5.52 inches (195 x 115 x 140 mm)
- Weight: 17.02 ounces (482.5 grams)
- Structural Material: Aluminium alloy (aircraft grade)
- Interface Material: Silicon
- Magnet Material: Neodymium (NdFeB) magnets
- Max Weight Support: 25.7 ounces/730 grams

Note: While the AluDisc can support various weights, maintaining the tablet at an upward angle will enhance the metal pad adhesive's service life and ensure optimal performance.
