- Effortless year-round cultivation
- Packed with vitamins and minerals
- Zero effort with Click and Grow technology
- Garden-to-plate freshness
- Optimal growth conditions

Effortless Year-Round Cultivation

Growing fresh cilantro can be challenging, but not with our Smart Garden system. These capsules allow cultivating cilantro any time of the year, regardless of weather or traditional growing seasons. You'll always have fresh cilantro for vibrant garnishes or flavorful recipes.

Packed with Vitamins and Minerals

Cilantro isn't just a culinary favourite—it's also a powerhouse of nutrition. Our capsules ensure you have an ongoing supply of cilantro, which is rich in vitamin A, vitamin C, vitamin K, and an array of dietary minerals. Enjoy a boost of healthy nutrients in every harvest!

Zero Effort with Click and Grow Technology

Click and Grow takes the guesswork out of gardening. With our smart indoor garden, cilantro grows independently with minimal intervention from you. There's no need for green thumbs or gardening expertise—watch your cilantro flourish with zero effort.

Garden-to-Plate Freshness

The beauty of Click and Grow is the freshness it brings to your kitchen. Our Smart Garden and refill capsules bridge the gap from garden to plate, delivering unparalleled freshness to your meals. Taste the difference in every bite with cilantro that's as fresh as it gets.

Optimal Growth Conditions

Our refill capsules are designed to provide your cilantro plants with the ideal growing conditions. They thrive best at temperatures between 18°C and 30°C, ensuring a healthy and bountiful harvest for picking straight from the plant pod.

Package Includes

- 3 x Cilantro/Coriander plant capsules
