

## Twelve South AirSnap Pro - the cover for Apple AirPods Pro - Black

AirSnap Pro is a full-grain leather case tailored to protect your AirPods Pro while also keeping them close at hand. Slip your AirPods Pro Charging Case into AirSnap Pro, fasten the metal snap and your pricey noise-cancelling earbuds are safe and sound but still easily accessible. Hook the S-clip on AirSnap Pro to a backpack or bag so they're right where you left them when you're ready to rock. A handy cutout on the bottom of AirSnap Pro lets you recharge your AirPods Pro while they're safely inside the case. AirSnap Pro is available in black, cognac and slate blue.

### Key facts:

- Full-grain leather case designed to protect AirPods Pro
- Detachable clip keeps AirPods Pro attached to your bag or backpack
- Secure snap closure keeps AirPods Pro secure when on the go
- Bottom cut-out for convenient charging
- Includes a removable wrist strap for easy transport

### Protects your AirPods Pro and Wireless Charging Case.

AirSnap Pro is made of top quality leather to protect the bright white surface of your AirPods Pro and Wireless Charging Case. Meticulously made of premium top-grain leather, this little leather AirPods cocoon has a metal snap to keep the case closed and your expensive AirPods Pro Wireless Charger safely inside.

### In your pocket, on your bag or on your wrist.

AirSnap Pro gives you three ways to keep your coveted AirPods Pro within reach. Use the included S-clip to attach AirSnap Pro to a backpack, purse or keychain. Remove the S-clip and carry AirSnap Pro in your pocket. Or, use the included wrist strap to hold your AirPods Pro Wireless Charging Case on walks or runs.

### In case charging? Wirelessly or wired.

Yes, you can charge your AirPods Pro + Wireless Charging Case while they're inside AirSnap Pro - both wirelessly and wired. The top-grain leather AirSnap is thin enough to work with your favourite Qi-certified wireless charger. Prefer the charging speed of a Lightning cable? You'll be happy to know AirSnap Pro has a small notch on the bottom so you can power up your AirPods Pro without removing them from AirSnap.
