Pipetto iPad Air 4 Case Origami Stand - Rose Gold

Transform your iPad Air 4 into a smarter, more versatile device with Pipetto's Metallic Origami Case. Designed to combine everyday protection, flexible viewing angles and a premium finish, it keeps your iPad safe, stylish and always ready to work, watch or create.

- 5-in-1 Origami stand for maximum usability
- Co-moulded shock-absorbing protection with clear back
- Designed specifically for iPad Air 4 with Apple Pencil 2 support
- Raised-edge screen and corner protection with soft microfiber lining
- Auto sleep-wake smart cover and lifetime warranty

5-in-1 Origami stand for maximum usability
The signature Origami folding cover gives you five different viewing and typing positions in one slim case. Choose from two classic positions for typing and watching films, two extra wide-base positions that stay stable on softer surfaces like beds or sofas, and a portrait position that is ideal for FaceTime and video calls. Whether you are working on a desk, travelling on a train or relaxing on the sofa, there is always a stand position that feels just right.

Co-moulded shock-absorbing protection with clear back
The case is built with a co-moulded design that combines a shock-absorbing TPU bumper with a tough, clear polycarbonate back. This structure helps to absorb impacts from knocks and drops, while the transparent back lets you show off the colour and design of your iPad Air. Lightweight yet protective, it is made to handle daily use without adding unnecessary bulk.

Designed specifically for iPad Air 4 with Apple Pencil 2 support
Made to fit the iPad Air 4 (2020), this case is precisely engineered around the 27.7 cm (10.9-inch) display and the device's slim profile. It is compatible with models A2316 and A2072 and provides full access to both cameras, volume controls, the Touch ID button and the USB-C charging port. The design also supports sync and charge for Apple Pencil 2, so you can attach, charge and store your stylus without removing the case.

Raised-edge screen and corner protection with soft microfiber lining
A protective TPU bumper wraps around the edges of your iPad to help guard against bumps and drops. The raised lip sits slightly above the screen, offering extra protection if you place your iPad face down. Inside, a soft dove-grey microfiber lining cushions the display and helps protect it from dust, dirt and light spills, keeping your screen clearer for longer.

Auto sleep-wake smart cover and lifetime warranty
The smart cover is made from a soft PU material that feels similar to Apple's own covers, giving a premium feel in the hand. Integrated magnets work with your iPad's sleep-wake function, putting the device to sleep when the cover is closed and waking it when opened. This can help extend battery life by up to 20 percent in everyday use. Backed by Pipetto's lifetime warranty, the case is covered against manufacturing and quality issues for as long as you use your device.

Package includes

- Pipetto iPad Air 10.9-inch Metallic Origami Case - Rose Gold
