Pipetto Protective MacBook Case 16" with Memory Foam and Extra Storage - Black

Pipetto Protective MacBook Case 16" with Memory Foam and Extra Storage is a slim, stylish laptop sleeve designed to keep your MacBook safe on the go. With shock-absorbing memory foam, water-resistant ballistic fabric, and a soft, protective interior, it offers everyday protection without adding bulk – plus extra storage for your essential accessories.

- Memory foam protection for superior shock absorption
- Perfect fit for 16" MacBook Pro with compatibility for selected 15" models
- Water-resistant, hard-wearing ballistic fabric exterior
- Ultra-soft faux-fur lining to protect against scratches and dust
- Slim organiser design with extra storage pocket for accessories

Memory foam protection for superior shock absorption
The Pipetto Protective MacBook Case is constructed with closed-cell memory foam of up to 5 mm thickness to help absorb shocks and impacts from everyday bumps and knocks. This dense padding distributes pressure away from your device, giving your MacBook an extra layer of defence whether you are commuting, travelling or working between meetings. The result is reliable protection that keeps your device looking and working like new for longer.

Perfect fit for 16" MacBook Pro with compatibility for selected 15" models
Designed to fit the 40.6 cm MacBook Pro (2019) perfectly, this sleeve hugs your device for a secure and tailored feel. It is also compatible with 38.1 cm MacBook Pro models from 2016, 2017, 2018 and 2019, as long as they fit within the stated internal dimensions. With a maximum internal size of 35.79 cm x 24.59 cm x 1.62 cm, you get a snug, protective fit that prevents your laptop from moving around inside the sleeve.

Water-resistant, hard-wearing ballistic fabric exterior
On the outside, the Pipetto sleeve uses tough ballistic fabric that is both water and tear-resistant. This durable material helps protect your MacBook from light rain, accidental spills and everyday abrasions from bags, desks and surfaces. Whether you are heading to the office, a café or on a trip, the rugged exterior is built to withstand regular use while keeping your device looking professional.

Ultra-soft faux-fur lining to protect against scratches and dust
Inside, an ultra-soft faux-fur lining cushions your MacBook and prevents scratches from zips, accessories or debris. This plush interior also helps protect your device from dust and dirt that can build up over time in bags and workspaces. Combined with the memory foam padding, the lining creates a gentle, secure environment for your MacBook every time you slide it in or out.

Slim organiser design with extra storage pocket for accessories
Despite its protective build, the sleeve remains slim and lightweight, making it easy to slip into your bag or briefcase without adding bulk. A front storage pocket gives you organised space for your everyday tech essentials, such as your charging cable, mouse, Apple Pencil or small accessories. This clever organiser design keeps everything in one place, so you can travel light and stay organised wherever you work.

Package includes

- Pipetto Protective MacBook Case 16" with Memory Foam and Extra Storage - Black
