Multiple Expansion Ports
The Satechi Aluminum USB-C Multiport Pro Adapter is your all-in-one solution for seamless connectivity. It includes a USB-A 3.0 port, a USB-C charge port, a 4K HDMI output, and SD/microSD card slots. These multiple ports ensure you can connect all your essential devices using a single USB-C port on your MacBook.

Powerful USB-C PD Charging
Stay charged and powered through the day with the USB-C Power Delivery (PD) port, which delivers up to 60W of power. This feature is perfect for those who need to keep their MacBook charged while still using other USB-C devices. It ensures that your productivity is never hindered by a low battery.

4K HDMI Video Output
Experience stunning visuals with the 4K HDMI port that supports up to 30 Hz. Whether you're streaming a movie, conducting a presentation, or setting up a multi-monitor workstation, this adapter ensures crisp, high-resolution video output, making it ideal for professional and personal use.

SD & Micro SD Card Slot
The multiport adapter includes SD and microSD card slots, perfect for photographers, videographers, or anyone dealing with large media files. It allows you to transfer your files quickly and easily without the need for additional card readers, making it perfect for managing your digital assets on the go.

Compact and Lightweight Design
At just 65 grams with a footprint smaller than a credit card, this companion disappears into your workflow until needed. The brushed aluminum finish resists fingerprints while harmonizing perfectly with Space Gray and Silver MacBooks.
