Hassle-Free Wired USB-C Connection
The Satechi C1 Wired Mouse sports a built-in USB-C cable that seamlessly connects to your device, ensuring a clutter-free workspace. The plug-and-play design offers easy usability for a smooth workflow.

Adjustable DPI Button - 800/1200/2400/3200 DPI
No more guessing games with our convenient button that allows you to switch between four DPI settings swiftly. Coloured LED lights corresponding to each level ensure clear visibility of your preferred setting.

Modern, Ambidextrous Design
The C1 Wired Mouse is designed to be functional and stylish. Its modern, ambidextrous design makes it ideal for right- and left-hand usage, offering versatility and comfort in one package.

Compatible with USB-C MacOS & Windows devices
Here is a device that works with almost everything. It's highly compatible with an impressive range of devices, from 2021 MacBook Pro M1, iMac, iPad Pro, iPad Air, Microsoft Surface Laptop 3, and Google PixelBook Go, to most USB-C desktops, laptops, and tablet devices.

Provides Effortless Wired Connection
The wired design ensures a secure, interference-free connection, providing better precision and response time than wireless options. It is ideal for smooth operation, whether working, gaming or surfing.
