SATECHI

Satechi OntheGo™ Qi2 10K Magnetic Power Bank with Stand - Desert pink

Unleash the power of magnetic wireless charging with the Satechi OntheGo™ Qi2 10K Magnetic Power Bank with Stand. This versatile power bank combines the convenience of magnetic attachment with fast wireless charging, ensuring your devices stay powered up wherever you go. With its sleek desert rose colored design and built-in stand functionality, it's the ultimate charging companion for your modern lifestyle.

- Perfect magnetic alignment for efficient Qi2 wireless charging
- Generous 10,000mAh capacity for multiple device charges
- Integrated kickstand for hands-free viewing while charging
- 3-in-1 charging capability with USB-C and wireless options
- Sleek, portable design that complements your devices

Perfect magnetic alignment for efficient Qi2 wireless charging
Experience the next generation of wireless charging with Qi2 technology. The Satechi OntheGo™ Power Bank uses powerful magnets to perfectly align with your device, ensuring optimal charging efficiency every time. Simply snap your compatible device onto the power bank's surface, and watch as it securely attaches and begins charging instantly. This magnetic alignment eliminates the guesswork of wireless charging positioning, delivering faster and more reliable power transfer.

Generous 10,000mAh capacity for multiple device charges
Stay powered throughout your day with the substantial 10,000mAh battery capacity. This power bank stores enough energy to fully charge your smartphone multiple times, keeping you connected when you need it most. Whether you're traveling, in meetings, or simply away from power outlets, you'll have peace of mind knowing you have ample backup power for all your essential devices.

Integrated kickstand for hands-free viewing while charging

Transform your charging experience with the built-in stand functionality. The cleverly designed kickstand props up your device at the perfect angle for watching videos, making video calls, or following recipes - all while charging. This multifunctional feature eliminates the need for separate stands or holders, making it ideal for entertainment and productivity on the go.

3-in-1 charging capability with USB-C and wireless options
Enjoy versatile charging options that adapt to all your devices. The Satechi OntheGo™ Power Bank offers three different ways to power up: magnetic wireless charging for compatible devices, standard Qi wireless charging for other enabled devices, and USB-C wired charging for maximum speed and compatibility. This flexibility ensures you can charge virtually any modern device in your tech collection with a single power bank.

Sleek, portable design that complements your devices
Wrapped in a sophisticated desert rose colored finish, this power bank combines form and function in a compact package. The slim profile easily slips into pockets, bags, or briefcases, making it the perfect travel companion. Its premium design aesthetically complements your devices while delivering powerful charging performance that you can count on.
