SATECHI

Satechi Read Mate LED Magnifying Glass - Black

Experience a world of clarity with Satechi's Read Mate - a quality magnifying glass designed with aluminium and integrated with LED light. This device is tailored to amplify minor details, offering a five times magnification and brilliant illumination, making it your perfect companion for reading small texts or inspecting intricate details.

- Significant Enlargement with Built-in Lighting
- 5 Times Magnification
- Three LED Lights
- One -Handed Operation
- Simple Battery Installation

Powerful Enlargement with Built-in Lighting
Immerse the minute details of texts, photographs, stamps, and coins with Read Mate's built-in lighting system. The LED lights significantly enlarge sparse details, illuminating your view for a precise read and study.

5 Times Magnification
Witness and explore the magnified world five times larger with the Read Mate magnifying glass. Suitable for reading small inscriptions and performing detailed inspections of images and objects, it takes clarity to an extraordinary level.

Three LED Lights
Embedded with three powerful LED lights, the Read Mate magnifying glass provides a stable, robust light, aiding your focus without draining the battery excessively. These LEDs offer more than just illumination; they redefine your viewing and reading experience.

One -Handed Operation
Free one hand while comfortably moving the Read Mate across a page or object. Its user-friendly design ensures less strain and more clarity, making it your dependable aid in detailed review and examination.

Simple Battery Installation
Equipped with lithium-ion batteries, operating the Read Mate is equally effortless. Open the battery door, slide in the included batteries, and the device is ready to illuminate your world.
