SATECHI

Satechi Slim Wireless Keypad - Space gray

Enhance your professional setup with the Satechi Slim Wireless Keypad, a compact and sleek Bluetooth keyboard designed for seamless data entry and elevated aesthetics. Perfect for the modern professional, this keypad combines elegance with practicality, offering a wire-free solution for increased efficiency and productivity in any workspace.

- Wireless Bluetooth Connectivity
- Slim and Portable Design
- Built-in Rechargeable Battery
- Sleek and Durable Aluminum Finish
- Compatible with Bluetooth-enabled Devices

Wireless Bluetooth Connectivity
Experience unparalleled flexibility with the Satechi Slim Wireless Keypad's seamless Bluetooth connectivity. Its wire-free design eliminates clutter, allowing you to connect effortlessly to any Bluetooth-enabled device. Enjoy enhanced productivity across various workspaces without being confined to a single location.

Slim and Portable Design
The Satechi Slim Wireless Keypad is crafted for individuals on the go, featuring a compact, lightweight design that easily fits into any backpack or bag. Ideal for both office use and travel, it ensures that productivity is always within your reach, regardless of where your work takes you.

Built-in Rechargeable Battery
Maximize your work sessions with the Satechi Slim Wireless Keypad's built-in rechargeable battery. A single charge provides up to two weeks of usage, with a quick recharge time of just one to two hours. Stay productive without the hassle of frequent power concerns interrupting your workflow.

Sleek and Durable Aluminum Finish
Enhance your workspace aesthetics with its sophisticated aluminum finish in space gray. The robust construction of the Satechi Slim Wireless Keypad ensures longevity and durability, while its sleek design adds a touch of elegance to any professional environment.

Compatible with Bluetooth-enabled Devices
Seamlessly integrate the Satechi Slim Wireless Keypad with any Bluetooth-enabled device. Whether you're working with Mac or Windows 10, this keypad is designed to enhance productivity across multiple platforms, ensuring versatile application in your daily operations.
