

Boost your productivity and revolutionize your workspace with the Satechi Triple 4K Display Docking Station. It's designed to deliver a superior visual experience and a highly efficient, multi-display workstation. This docking station, compatible with Mac M1/M2/M3 and Windows PCs, provides advanced display technology and gorgeous 4K resolution on three screens.

- Triple 4K resolution on three screens
- Compatible with Mac M1/M2/M3
- Complete with powerful ports
- Stable solution for multiple extended displays
- Easy setup and installation

Triple 4K Resolution on Three Screens

Experience the visual feast that is 4K resolution on three screens. The Satechi Triple 4K Display Docking Station features two DisplayPort 1.4 and three HDMI 2.0 Ports for diverse connectivity. Once you connect your dock and install the DisplayLink Manager software, you're all set to triple your productivity.

Compatible with Mac M1/M2/M3

Say goodbye to single-monitor limitations. Thanks to the Satechi Docking Station, your Mac M1, M2 and M3 can transform into a multi-display powerhouse. You can now connect up to three screens simultaneously, all delivering extraordinary 4K/60Hz resolution.

Powerful Ports

The Satechi Triple 4K Display Docking Station is not just about visuals. It also offers impressive port options, including a 1 Gigabit Ethernet Port and multiple USB ports for seamless data transfer and device charging.

Stable Solution for Multiple Extended Displays

The DisplayLink technology enables you to enjoy an efficient, multi-display workstation with stability. You can effortlessly extend your view over your laptop plus three additional monitors with a simple software download.

Easy Setup and Installation

Setting up the Satechi Triple 4K Display Docking Station is a breeze. Just connect your dock, install the DisplayLink Manager software, and start enjoying the advantages of a multi-display workstation.
