Sweetness Year-Round

Imagine having plump, flavorful strawberries at your fingertips throughout the year, no matter the weather outside. The Grow Smart Garden Refill pack ensures you can enjoy these beloved fruits even when they are out of season, bringing the sweet taste of summer into your home year-round.

Easy Home Growing

Say goodbye to the complexities of traditional gardening. The wild strawberries in this refill pack are incredibly easy to grow with your Click and Grow Smart Garden. No green thumb is required – insert the pods, add water, and watch your strawberries come to life.

Garden-to-Plate Experience

Transform your cooking with garden-fresh produce. The Click and Grow system allows you to go from harvesting to dining quickly. Fresh strawberries can elevate your breakfasts and desserts or even make for a healthy snack, all from the comfort of your kitchen.

Health and Taste Combined

Wild strawberries pack a punch in both flavour and nutritional benefits. These tiny fruits fight fatigue, aid skin health, and offer a stronger, more concentrated taste than their cultivated counterparts, enriching any dish or health regimen.

Eco-Friendly and Convenient

Cultivate your strawberries with minimal environmental impact. The Grow Smart Garden consumes less water than traditional gardening and doesn't require pesticides or herbicides. Plus, growing at home reduces the carbon footprint associated with transporting food.
