Iotty Smart Switch Faceplate 2-gang - Beige

Give your walls a refined finish with the Iotty Smart Switch faceplate for 2-gang switches. Designed in Italy and made from high-quality tempered glass, it combines a clean, modern look with a choice of five colours to suit your interior.

Faceplate only. A compatible Iotty Smart Switch Base is required for a functioning switch.

- High-quality tempered glass
- Designed in Italy
- Interchangeable faceplate
- Choice of five colours
- 2-gang design

High-quality tempered glass
Made from high-quality tempered glass, this faceplate gives your switch a polished finish that complements a modern interior.

Designed in Italy
Italian design brings careful attention to detail and a clean appearance. The faceplate adds an elegant touch to your walls without distracting from the rest of your room.

Interchangeable faceplate
Update the look of your switch with an interchangeable faceplate. Choose a different finish when you refresh your décor, without replacing the entire switch.

Choice of five colours
Choose from white, black, blue, grey or tan. Match the faceplate to your walls for a coordinated look, or select a contrasting colour to make the switch stand out.

2-gang design
Designed for a 2-gang Iotty Smart Switch configuration, this faceplate provides a coordinated finish for your switch. It is not a complete switch and requires a compatible Smart Switch Base to function.
