Efficiency meets innovation with the Woonx Smart Multi Plug. Seamlessly take control of your home appliances at your convenience, wherever and whenever! There is no need for a separate hub; manage your devices through voice control with Amazon Alexa and Google Assistant. Equipped with an energy meter, never worry about excessive power consumption as you can monitor the electricity usage in the Woonx Home or Woonx Security App.

- Voice Control via Amazon Alexa and Google Assistant
- No Separate Hub is required
- Remote access from anywhere and scheduling feature for convenience
- Energy Monitoring through Woonx Home or Woonx Security app
- Equipped with 2x USB-A and 2x USB-C charging ports.

Voice Control via Amazon Alexa and Google Assistant

Activate or deactivate your home appliances with a simple voice command. Every smart power strip can be named and communicated directly, allowing you to manage your devices efficiently.

No Separate Hub Required

Forget about the hassles of maintaining another piece of equipment. The Woonx Smart Multi Plug works with any Wi-Fi router, so there's no need for a separate hub or paid subscription service.

Remote Access from Anywhere and Scheduling Feature

Control your appliances wherever you go, and avoid worries about leaving your devices switched on. The intuitive Woonx Home app allows you to schedule the operation of your devices as per your lifestyle, reducing electricity consumption and prolonging the life of your appliances.

Energy Monitoring through Woonx Home or Woonx Security App

Keep close track of your energy consumption with real-time power monitoring. Understand your usage patterns, plan efficiently and save on your energy bills.

Equipped with 2x USB-A and 2x USB-C Charging Ports

Efficiency extends to charging with the added convenience of USB-A and USB-C ports in the smart plug. Charge your devices whenever required without tampering with the operation of your appliances.

Package Includes

- R6132 Smart Multi Plug - White
- Multi-Language User Manual
