Click & Grow Plant Pods 9-Pack - Purple Chili Pepper - Lilac

Unleash the spicy flavours of home-grown chilli peppers with the Click and Grow Smart Garden Refill 9-pack - Purple Chili Pepper. Experience the thrill of nurturing your fiery chilis that add zest to your meals and brighten up your indoor garden with their vibrant colour transition from luscious purple to radiant red.

- Easy to Grow: Hassle-free and beginner-friendly
- Nutrient-Rich: High in vitamins A and C and full of antioxidants
- Visually Stunning: White flowers with purple edges, transitioning to bright red fruits
- Heat & Pain Relief: Natural properties that soothe pain and increase vitality
- Perfect Indoor Conditions: Optimized for 20°C – 35°C to thrive indoors

Easy to Grow
Our Click and Grow Smart Garden makes it simple to cultivate your purple chilli peppers right in the comfort of your home. It's designed for effortless care, needing minimal attention to flourish. Just insert the pods, and watch your chilis sprout in as little as 7 to 21 days.

Nutrient-Rich
Purple Chili Peppers from your Click and Grow garden are more than just a spicy addition to your recipes; they serve as a nutrient powerhouse rich in vitamin C and antioxidants like vitamin A, beta-carotene, and alpha-carotene, essential for maintaining a healthy balance.

Visually Stunning
Click and Grow's Purple Chili Pepper plants aren't just about the heat; they're also a feast for the eyes. Initially, charming white flowers with purple accents adorn the plant, eventually giving way to the dramatic change of the chilli pepper's colour from deep purple to fiery red, adding a pop of colour to your indoor garden.

Heat & Pain Relief
These chilli peppers don't just pack heat in flavour but also offer therapeutic properties. They have been known to help the body manage heat and discomfort while firing up your vitality. With your indoor supply, you can tap into these benefits anytime you need a natural boost!

Perfect Indoor Conditions
To ensure your indoor chilli garden thrives, Click and Grow Purple Chili Peppers prefer to bask in the warmth between 20°C and 35°C, giving you a flexible and optimal growth environment and making it a perfect year-round indoor gardening project.
