# Click & Grow Plant Pods 3-Pack - Dill

Dive into a world of fresh, aromatic flavours with the Click and Grow Smart Garden Refill 3-pack - Dill. Perfect for culinary enthusiasts and health-conscious individuals alike, this indoor garden cultivates dill effortlessly, promising a lush supply at your fingertips.

- Effortless Growth
- Packed with Nutrients
- Absolute Freshness
- Quick Sprouting
- Versatile Use

**Effortless Growth**
Growing dill with the Click and Grow system is as stress-free as possible. Designed for simplicity, your dill is guaranteed to flourish without needing constant attention, manual watering, or the greenest thumbs. Just insert the pods and watch your greens grow!

**Packed with Nutrients**
Each frond of dill from your Smart Garden is a powerhouse of nutrients. A small, tasty serving delivers an abundance of vitamins A and C, along with manganese, folate, and iron—vital components for maintaining your body's health. With each bite, you're supporting your well-being.

**Absolute Freshness**
Say goodbye to stale herbs! The dill in your Click and Grow indoor garden has zero pesticides or herbicides, ensuring you consume only the most pristine, nutrient-rich greens. You can't get fresher than this.

**Quick Sprouting**
Patience is not required here; your dill will sprout within one to two weeks! The growth might seem slow and lateral initially, but soon enough, it will speed up and stand tall, ready for your culinary adventures.

**Versatile Use**
Whether you're snipping off a single leaf for a savoury omelette or harvesting the entire plant for a batch of homemade pickles, your dill will keep on giving. When you have more than you need, it's perfect for drying or freezing, making it a gift that keeps giving.

**Package includes**

- 3 x  pre-seeded dill plant pods for your Click and Grow Smart Garden

**Product specifications**

- Biological Name: Anethum graveolens
- Edible Plant: Yes
- Sprouts in: 7 - 14 days
- Harvest in: 5 - 8 weeks
- Ideal growth temperature: 18°C – 30°C
- Appearance: Dill grows in a unique, seemingly untidy form – but that's just its natural charm!
- Harvesting technique: Either pluck single leaves after 3-4 weeks or harvest the entire plant 7-8 weeks after planting for the best flavour.
