It's easy!

Install iotty Smart Switch and, with just a Wi-Fi connection, your home becomes instantly smart. Thanks to the iotty built-in Wi-Fi, you won't need any hub or central unit. Remove your old switch, install iotty and connect it to your Wi-Fi through the app.

A design statement for smart homes

Everybody is going to notice.

Bright and modern, the iotty Smart Switch gives an elegant touch to your walls.

State of the art

Designed in Italy. Enjoy the beauty, the amazing quality and the attention to detail.

Do not leave anything to chance.

Just a word away

Tell iotty what to do by talking to the most common vocal assistants. Iotty works with Amazon alexa, Google Assistant and IFTTT.

Synchronize your home with the environment

iotty is a lot more than a switch: tune your lights according to the environment; switch them on based on the sun, on the weather, on your location.

iotty App

Thanks to the intuitive app, you can keep every iotty under control.

Creates actions, receive notifications, manage the energy consumption and personalise everything as you want it.

What color do you feel like?
