Iotty Smart Switch Faceplate 2-gang - Grey

Give your walls a refined finish with the Iotty Smart Switch faceplate. Designed in Italy and made from high-quality tempered glass, this replaceable faceplate comes in five colours to complement your interior.

Please note: This is the faceplate only. An Iotty Smart Switch Base is required for a functioning switch.

- Designed in Italy
- High-quality tempered glass
- Replaceable faceplate
- Five colours to suit your interior
- Made for the Iotty Smart Switch Base

Designed in Italy
Bring considered design to your walls. The Iotty faceplate combines a clean, modern appearance with attention to detail, making it a natural fit for contemporary interiors.

High-quality tempered glass
The tempered glass faceplate gives your switch an elegant finish. Its quality material makes an everyday fitting a carefully chosen part of your room.

Replaceable faceplate
Update the look of your switch with an interchangeable faceplate. Choose a different colour when you refresh your décor, without replacing the Smart Switch Base.

Five colours to suit your interior
Choose from white, black, blue, grey or tan. Match the faceplate to your walls for a coordinated look, or select a contrasting colour to make the switch stand out.

Made for the Iotty Smart Switch Base
This faceplate is designed for use with the Iotty Smart Switch Base. It provides the visible finish, not the switching functionality. The base is required and is not included.

Package includes

- 1 x Iotty Smart Switch 2-gang tempered glass faceplate, replaceable and designed in Italy for Smart Switch Base
