

Lite Bulb Moments: White & Color Ambience (RGB) E14 Bulb - White

Revel in the power of light and colour exploration with the Lite Bulb Moments: White & Color Ambience (RGB) E14 Bulb. It is more than just a light bulb; it's a lifestyle tool designed to improve your well-being, control your comfort, and transform any ambience into your desired milieu. With full integration into your home system and voice control support, illumination becomes a conversational experience.

- Follows Your Circadian Rhythm
- Dimmable Lighting
- RGB Full Color Scale
- Smart Control and Integration
- Eco-friendly and Recyclable

Follows Your Circadian Rhythm

Experience the beauty of light simulation with this innovative bulb that follows your circadian rhythm. It mimics the natural sunlight to ensure you receive the appropriate amount of light throughout the day, positively affecting on your bodily functions like metabolism, pulse, blood sugar levels, and more.

Dimmable Lighting

Lighting can dramatically affect the mood of a room and your comfort. With its dimmable feature, you can adjust the brightness of your environment to match your feelings and activities, allowing you an extra dimension of control.

RGB Full Color Scale

With a whopping 64 million colours, your room's aesthetic is limited only by your imagination. You can adjust the light colour to match your mood, the season, or the event. Alter the ambience at a whim, making your space truly a reflection of you.

Smart Control and Integration

Seamlessly integrate the Lite Bulb Moments into your Google Home or Amazon Alexa system and control your lighting with your voice. Set up routines and scenes, control brightness and colour, and even schedule your lights to influence your sleep cycle positively.

Eco-friendly and Recyclable

Our commitment to sustainability is reflected in our product design and packaging. The Lite Bulb Moments products are 100% recyclable, and our retail packaging is FSC approved, ensuring our high-quality lighting solution is also environmentally friendly.

Setup/ installation

The light supports both Wi-Fi and Bluetooth. Supports both 2.4GHz and 5GHz networks.

Use the step-by-step guide in the TUYA App, available on both the Google Play Store and Apple App Store
