Lite bulb moments Smart Cherry Blossom Tree Lamp

Create a calm, colourful and personalised atmosphere with the Lite Bulb Moments Smart Cherry Blossom Tree Lamp. Designed for both indoor and outdoor use, this smart decorative lamp lets you adjust colours, brightness, timers and lighting scenes through the TUYA app or by voice command with Google Assistant and Alexa. With music sync, dynamic lighting and +16 million colour combinations, it is a flexible lighting feature for living rooms, children's rooms, terraces and covered outdoor spaces.

- Suitable for indoor and outdoor use
- +16 million colour combinations
- Fully programmable with app control
- Music sync with dynamic lighting effects
- Compatible with Google Assistant and Alexa

Suitable for indoor and outdoor use
The Smart Cherry Blossom Tree Lamp is designed to bring decorative lighting to different areas of the home. Use it indoors in a living room, bedroom or children's room, or place it outdoors on a terrace or balcony where suitable. The table light and controller are IP65 rated, while the included power adapter is IP44 rated.

+16 million colour combinations
Choose from a wide range of RGB colours including purple, pink and multi-colour lighting effects. With +16 million colour combinations, the lamp makes it easy to create a lighting setting that matches the room, occasion or time of day.

Fully programmable with app control
Control the lamp through the TUYA app to adjust brightness, change colours, set timers and create your own lighting scenarios. This gives you flexible control over the lamp directly from your phone, whether you want soft evening lighting or a more colourful decorative effect.

Music sync with dynamic lighting effects
The built-in microphone allows the lamp to react to music and follow the rhythm, creating a more dynamic lighting experience. You can also choose between 20 pre-programmed lighting functions using the button on the power adapter.

Compatible with Google Assistant and Alexa
Control the Smart Cherry Blossom Tree Lamp with voice commands through Google Assistant or Alexa. If you have multiple compatible lights, you can group them and control them together for a coordinated lighting setup.

Package includes

- Smart Cherry Blossom Tree Lamp
- IP65 table light and controller
- IP44 power adapter with button for pre-programmed functions
- User Guide
